I. Security					
The current level of security is appropriate and sufficient					
Cost is an important consideration in additional security measures					
We need additional security measures in the form of:					
Update gates for traffic control and lessen tailgating					
Security cameras in public areas (pool, clubhouse, tennis courts, etc.)					
Security cameras at back gate					
Security guard at back gate at night and on weekends					
Security guard at back gate 24/7					
Security wall around entire property					
Installation of motion-sensitive lighting in public areas					
Additional street lighting in community					
Neighborhood Watch					
Additional lighting in boat area					
Cameras in boat area					
Security guard at front gate 12/7					
Willing to pay an additional \$400 a year for guard (12/7) After the initial cost of up fitting front gate to allow for this					
Security guard at front gate 24/7					
Willing to pay an additional \$800 a year for guard (24/7) After the initial cost of up fitting front gate to allow for this					
II. Safety and traffic control					
We should have a way to report safety concerns in a timely manner					
Public safety information should be disseminated on the GP web page					
Sidewalk from front gate to the clubhouse					
We need additional and/or different speed bumps					
We should install cameras to enforce traffic laws (i.e. STOP signs)
